

Team JGC spent two days exhibiting at The Meetings Show 2022 with our hotel partners Vintry & Mercer, The Ampersand and MOB Hotels.

Supporters of The Meetings Show

We have always been a fan of The Meetings Show, it's always a great opportunity to meet with fantastic buyers from both the UK and Europe and make meaningful connections. Congratulations to Jack Marczewski and his team for putting on a great "come back" show. We were inspired and educated starting with our opening Keynote speaker Lord Seb Coe; to all the other interesting content discussed both the positives and challenges our industry is facing post pandemic around topics such as recruitment, sustainability to rebuilding better.

Building Meaningful Connections

We spent 2 busy days reconnecting with existing clients and meeting with new. We would like to say a huge thank you for coming to meet us on the JGC stand to discover our unique independent hotel collection including our stand partners from London and France: Fernanda Dauer from Vintry & Mercer, Agata Sychala from The Ampersand and Lise Grosbois from MOB Hotels in Paris and Lyon.

VINTRY — & — MERCER

London Calling

Build with Sustainability in Mind

Vintry & Mercer opened in February 2019 in the heart of the City and are committed to using renewable energy – the hotel runs on 100% renewable electricity and use both 6KW solar panels and a CHP (combined heating & power) system to generate additional heating and power.

Supporting Local Business

Making a positive impact on the local community by locally employing their staff from neighbouring London boroughs; working with London councils, schools and colleges to provide work experience and apprenticeship opportunities to students in both Vintry & Mercer and sister property The Ampersand. The hotels also favour local producers and suppliers who ensure the vicinity and quality of products are sourced from British producers.

A Unique Place to Meet

A hidden Gem in the Heart of the City

Providing light filled event spaces: Vintry Kitchen is light and airy with hanging plants and a glass roof section providing a perfect space to hold larger private receptions and dining events. In September V&M launch **Vintry Kitchen, Café and Wine Bar** providing a perfect place for informal after work gatherings and office celebrations or just a lovely spot to enjoy a bottle of wine with a cheese or charcuterie board with a friend, colleague or business associate. DND, **Do not Disturb** is a discreet, underground and sophisticated speakeasy cocktail bar taking inspiration from the clandestine bars of 1920s New York with hand-beaded images of Ziegfeld Follies girls lining the walls. DND offers guests speciality barrel-aged and house cocktails alongside a menu of small plates, while relaxing on plush velvet chairs and leather banquette seating and the Bar can also be privatised for events. **Mercer Roof Terrace** takes in London's skyline, views from the dome of St Paul's Cathedral to the glass tip of The Shard. Guests can dine al fresco or enjoy a drink at the bar above the city lights. With floor-to-ceiling glass doors opening wide to bring the outdoors in means the venue can be used all year round. Winter brings an opportunity to enjoy the dining Igloos on the terrace and event planners have the option to privatise the roof terrace for a special event. Their 3 stylish **meeting & event rooms** provide discreet spaces and are an ideal space for your next City event with its very accessible location to Mansion House, Cannon Street and Bank stations.

MOB HOTEL — OF — THE PEOPLE

From Lyon to Paris

Environmental Change & DEI

With sustainability high on the corporate event planners agenda we know how important it is to find hotels that meet your brand values and sustainability goals. MOB is a dynamic new hotel brand and is a glowing example of how it prioritizes its desire to do good.

A Success Story Driven by Passion

People often ask us how we decide which hotels to represent. We love representing hotels with a story and a passion for what they do, this is evident throughout our collection and none more so than MOB Hotels. Created by the “street philosopher” and entrepreneur Cyril Auizerate his passion in urban renewal projects creating the first Mama Shelter with friends Serge Trigano and Philippe Starck in 2008 then opening Brooklyn NY the first eponymous vegan restaurant in 2011. Cyril founded MOB HOTELS with luxury hotelier Michel Reybier opening their first hotel MOB Paris in 2017 in the neighbourhood of Marché aux Puces de Saint-Ouen and that same year MOB Lyon in the Confluence district of Lyon.

Giving Back to the Community

At the heart of MOB's hotel expansion is an urban renewal project. We know from the regeneration of East London for the London Olympics by investing in these areas it gives so much back to the local community; giving employment opportunities as well as upgrading a once downtrodden area to become a vibrant metropolis. For those not familiar with MOB Paris and MOB HOUSE, Saint Ouen is located in the northern suburbs of Paris 20 minutes from Gare du Nord ideal for those looking for a more sustainable way to travel. The area is home to the Paris Flea market which is a must see and visited by interior designers from around the globe. Both MOB Paris and MOB HOUSE are also conveniently located 10 minutes by car to the Stade de France ideal for those looking to accommodate events around the Rugby World Cup 2023 or the Paris Olympics in 2024. And MOB Lyon located in La Confluence which is another urban renewal project 15 minutes from the centre of Lyon. The regenerated area overlooks the River Saone. It is also where the futuristic Confluence Museum is and shopping mall, while sleek bars and elegant bistros dot the streets. MOB Lyon's architecture embodies the city of the future breathing new life into this eco-district.

Wellness Experiences

It was great to be back at the resort showcasing to our clients and to see the new Wellness Centre which is a superb addition. We recently worked with the creative Lisa James from Wentworth Collective putting together a successful wellness focused event for one of her clients. The new Wellness element has provided the opportunity to create another experience for MICE groups looking to add this into their event programme.

The Perfect MICE Resort

What we love about the resort is the ease in which a group flows at the resort. Exceptional meeting and event spaces including plenty of outside spaces, a pool ideal for hosting events around, in addition to Hotel Camiral the resort has Hotel Lavidà and luxury villas all of which can be used to host your event. The property offers exclusive use opportunities and is open all year round. Located 15 minutes from the beautiful historical town of Girona, 20 minutes from the Costa Brava with stylish offsite venues closeby providing offsite dining options. Overlooking the French Pyrenees and No 1 Golf Resort with luxury accommodation and stylish interior design; with only an hour from Barcelona this gem of a property is definitely one to consider for your next international Meeting, Conference, Product Launch or Incentive.
